**What is College Park Cavalier Kids?**

*College Park High School Baseball's CAVALIER KIDS is a fun way for The Woodlands area youths up through 8th grade to become involved in supporting high school baseball. Bringing together The Woodlands area youth and high school teams benefits both our community and our schools. College Park High School benefits through increased attendance and positive support from the community. The program encourages High School athletes to be positive role models and the youth, in turn, realize what it takes to be part of a high school baseball program.*
